

Session Program

29 June 2026 to 3 July 2026

The 18th International Conference on Quantitative InfraRed Thermography

Multidisciplinary/Other

University of Naples Federico II Conference Center
Via Partenope, 36, Naples, Italy

Wednesday 1 July

11:10

Multidisciplinary/Other

Session | Location: Room B

11:10-11:30

Monitoring Brazilian Native Species Using Hyperspectral Infrared Radiometric Measurements

Speaker

Matheus Porto

11:30-11:50

Innovative Shape Memory Polymer investigated by IRT and DIC during loading process

Speaker

Prof. Elżbieta Pieczyska

11:50-12:10

Quantification of RPAS (Drone) Thermography for Heat Loss Analysis of Large District Heating Systems

Speaker

Dr George Leblanc

12:50
